Keeps you safe

Automatic Hand Sanitizer and Soap Dispenser

The pandemic has affected the way we lead our lives. Sanitization is no more optional, it has become a necessity of life. We have brought the AYU range of automatic hand sanitizer dispensers. Ayu comes with an ultrasonic sensor-based technology that makes it fully automatic and contactless for usage. The dispenser works with both Gel & liquid type soap and sanitizers. The body comes in 1L and 3L options. It's easy to install and refill. Make your life safer and add beauty to your walls with Ayu.

- Wall mounted
- Modern & compact design

- Robust body
- Soap and sanitizer
